Executive Summary

Strategic Finance Leader with 14+years of expertise across **Web3 (Pay-Fi)**, **Alibaba**, **NIO and L'Oreal**. Specialized in **architecting compliant fiat-to-crypto infrastructures** and steering Alibaba's **AdTech governance**, managing **RMB 4B+** in marketing budgets via automated digital finance systems. Track record includes **pioneering early-stage commercial models** for NIO's EV infrastructure and leading **multinational operations** across fast-paced, global environments.

Professional Experience

Finance Director - Web3 Startup, Pay-Fi & Game-Fi Feb 2024 - Jan 2026

Headed a lean global finance organization (Accounting, Treasury & Budgeting); served as a **core strategic partner** architecting financial infrastructure and **scenario-based payment solutions** for a global Web3 ecosystem, with **multiple MVPs validated and operationalized** across Game-Fi and Pay-Fi.

- **Commercial Architecture & Regulatory Integration**
  - **Compliant On/Off-Ramp Infrastructure**: Architected a high-compliance gateway by **fusing EMI & VASP frameworks**; formulated the core financial logic for **Fiat-Crypto interchange** and delivered customized settlement solutions for diverse gaming clients.
  - **Institutional Banking & Liquidity Rails**: Secured and managed high-trust relationships with **Tier-1 banking and liquidity providers** (e.g., Tier-1 CEXs: Binance, HashKey, Bitfinex & Kraken); **leveraged regulatory fluency** to establish robust capital rails and ensure liquidity depth for cross-border transactions.
  - **Unit Economics & Treasury Risk Governance**: **Optimized commercial pricing** through deep-dive crypto-acquiring margin analytics; actively managed **Bitcoin "Like For Like" (LFL)** scenarios to neutralize **structural delta exposure** and disclose P&L impacts.
- **Asset Security & Financial Risk Governance**
  - **Proof of Reserves & Asset Integrity**: Established a rigorous **1:1 Reserve Fund monitoring mechanism** to track client asset backing; institutionalized reporting protocols to enhance **internal transparency** and risk visibility during periods of high market volatility.
  - **Counterparty Risk Framework**: Upgraded working capital management into a **dynamic credit risk framework**; implemented proactive credit controls that drove **bad debt ratios to historical lows** and optimized cash flow velocity.
- **Global Treasury & Financial Operations**
  - **Treasury Optimization & Cost Efficiency:** Optimized global banking and crypto-native account architecture by integrating **cross-border RMB settlements**;
  - **Multi-Entity Governance**: Directed daily financial and treasury operations across multiple jurisdictions, including **Pay-Fi entities and the L1 Foundation**; ensured liquidity stability and capital availability to support rapid business scaling.

Finance Expert (Alimama) - Alibaba Group Jul 2018 - Jan 2024

*(Specializing in Ecosystem Governance & **AdTech Monetization**)*

- **Strategic Analysis of Commercialization & Monetization**

- **Deep Dive into Brand Ad Logic**: Analyzed top-tier beauty groups to evaluate how Flagship Dominance (GMV concentration) impacts Brand Ad RPM; decoded the core value capture logic of major advertisers to optimize platform monetization.
- **Revenue-Sharing & Settlement Protocols**: Designed profit-sharing and settlement standards between platform partners, unlocking incremental profit through transparent clearing mechanisms.

- **Merchant Operations & Financial Management**
  - **Ecosystem Governance & Precision Incentives**: Formulated governance solutions for SME merchants to resolve traffic fragmentation and ensure ecosystem diversity. Directed million-scale user acquisition budgets and designed payout/compensation protocols to maximize retention and protocol growth.
  - **Integrated Marketing ROI Ledger**: Established a comprehensive "Single Ledger" system for Tmall's Top 100 accounts, consolidating organic and paid traffic metrics to quantify the Cumulative ROI and lifetime impact of marketing investments.
- **Digital Budget & Incentive Management**
  - **Digital Incentive Infrastructure**: Built an automated tracking system for Marketing Incentives, managing **$400M+ (RMB 3B+)** in digital fund flows for millions of merchants with high-frequency settlement.
  - **Financial Risk & Decision Support**: Managed the full financial cycle, from budgeting to deferred revenue recognition. Delivered data-driven impact assessments on incentive efficiency to guide strategic capital allocation.

Alibaba Cloud International (Global Operations)

- **Global Cost Efficiency**: Spearheaded an integrated marketing expenditure tracking system and refined localized agency procurement strategies, yielding a **10%-15% reduction** in unit labor costs across international regions.
- **Financial Governance:** Architected a structured global service delivery data framework to benchmark labor costs and establish strategic gross margin baselines.

Finance Business Partner - NIO, Power & Energy Feb 2016 - Jun 2018

- **Strategic Financial Modeling & Business Planning**
  - Developed comprehensive **financial models for Series C & D funding rounds**, architecting the complex financial ROI models for "NIO Power" (Battery-as-a-Service).
  - Successfully delivered investment Business Plans (BP) for NIO Power and energy storage business models for capital market presentations.
- **Market Intelligence & Competitive Strategy**
  - Benchmarked the Vehicle-Battery Integration model against global and local players, including Tesla, BAIC, Volvo, Denza, and traditional fuel stations.
  - Established a strategic competitive intelligence database to analyze profitability drivers, cost structures, and financing channels, transforming financial insights into scalable business models.
- **Battery Lifecyle Management & Value Optimization**
  - Led value assessments and pricing strategies for Second-Life Battery (SLB) utilization.
  - Architected an integrated commercial framework for Vehicle-Battery integration and SLB cascading use, ensuring a seamless asset transition across the battery value chain.

Digital & E-commerce Finance Controller - L'Oreal, ACD Jan 2014 - Sep 2015

*(Progressed from **Management Trainee** & Financial Analyst | Jul 2011 - Dec 2013)*

- **Strategic Market Entry & ROI Architecture**: Directed financial ROI assessments and strategic business planning for tier-1 brand market entries across major regional e-commerce platforms.
- **Channel Governance & Compliance**: Pioneered the standardization of financial policies for Taobao Partners (TP)

within the Group, establishing robust risk controls for ecosystem settlements, cost structures, and rebate management.

- **Financial Workflow Excellence**: Unified financial reporting standards across all digital marketing channels and served as the primary finance lead for external strategic consulting initiatives.
